UF Health Eye Outreach Clinic
Helping you focus on what’s important to you!

Outreach Clinic to provide affordable eye care to the underserved

Visual impairment is a major disability. It can have a dramatic effect on quality of life. We believe that early detection and intervention is crucial. Our mission is to prevent and treat vision loss by bringing basic eye examinations and essential care to those in need.

Held at HealthStreet – 2401 SW Archer Road
The last Tuesday of every month from 5:30pm to 8:30pm.

We are currently seeing patients for problems and conditions such as:

- Sudden decreased vision
- Unexplained poor vision
- Diabetic eye exams
- Glaucoma

Ask your Health Street provider if you qualify for referral to the Eye Outreach Clinic
